

WXL Series Extraction Arm

Key Features

- Integral Bolt-up Flange Mounting With 360 deg Synthetic Lubristic Bearing Assembly
- Self Supporting Tubular Aircraft Aluminum Construction With Tensioning Adjustments at Articulation Joints
- Omni-Directional Positioning Flex Section With Collection Hood
- WXL Available as an Inverted Table Mount or as a Hanging Mount (Please Review Design and Check Appropriate Box Below)

Quantity		Model	Platform		Dimensions			Mounting Orientation	
3"	4"		Wall	Ceiling	A	B	C	Inverted Mount	Hanging Mount
		WXL-030			12"	12"	12"		
		WXL-040			18"	18"	12"		
		WXL-050			24"	18"	18"		

Series WXL fume extraction positioning arm is constructed of tubular sections joined by unobstructed flex hose connections. The arm rotates on a bearing assembly comprised of a non-metallic, lubristic synthetic material. Arms are designed for ceiling, table, or wall mounting to provide source capture for fume removal applications. Available in standard diameters of 3" and 4". All arms feature 180 degrees when wall mounted, 360 degrees rotation when table or ceiling mounted.
