

# STATIONARY DUST COLLECTOR SERIES CVX

(For complete arm  
details, see WXS  
submittal sheet 16-W2)

## PRODUCT FEATURES

**Series CVX** units are complete with exhaust fan and fume extraction arm constructed of 6" or 8" diameter tubular sections joined by unobstructed flex hose connections. The arm rotates on a bearing assembly comprised of a non-metallic, lubricistic synthetic material. **The CVX cabinet** is equipped with an aluminum pre-filter, and MERV 15 Nanofiber cartridge filter. Cabinet shall be provided with manual pulse clean package, (compressed air, 85-100 PSI required) including remote mounted NEMA 12 enclosure with fan starter, running light & filter gauge.

Arm lengths, as well as custom filter configurations are available, consult factory. Unit is manufactured in USA , using American components, by Car-Mon Products, Inc. Elgin, Illinois. **Note: Factory reserves the right to change dimensional data without notice.**
